Multi-Purpose Construction Laser

RL-HV2S

Multi-Purpose Construction Laser

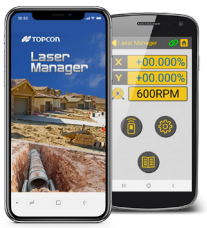
Long-range operation (800 m)

Horizontal, multi-slope and vertical applications

Up to 120 hours battery life

Tough IP66 construction rating

Laser manager app (iOS and Android)



Multi-use applications

Designed for a variety of tasks, it can be used for horizontal, sloping and vertical laser applications. Slopes up to ±5% (±15% with tilting plate) can be used in either the X or Y axis. Turn it on its side and use it for layout and alignment jobs.

High powered

With an operating range of over 800 m (diameter) the RL-HV2S has the power to cover even the biggest projects. (Laser class 1)

Long battery life

Contractors who want a laser with a long battery life will love the RL-HV2S. With an operating time of 120 hours on alkaline batteries or 65 hours with the rechargeable Ni-MH battery pack, this laser will still be working long after others have quit.

All weather dependability

With the IP66 rating, the RL-HV2S is “jobsite tough” and can withstand dust, a sudden shower, and even torrential rainfall.

Bluetooth Laser Manager (App download)

Compatibility for iOS and Android provides wireless remote control using a cell phone to adjust slope and check calibration. No special remote control needed.

Key Components

- RL-HV2 laser
- Laser manager
- LS-80X height sensor included
- Bluetooth
- Sensor holder
- Batteries
- Carry case

Five-year guarantee

The RL-HV2S laser comes with a five-year guarantee. Topcon backs up this reliable, accurate laser with the best factory warranty in the industry.
